ABOUT ME:

*- My professional goal is to gain experience across different areas of the fashion industry in order to develop a broad perspective and acquire knowledge that goes beyond design. Through these experiences, I aim to build the foundations needed to achieve my goal of becoming a **creative director** at a fashion house and continuing to grow within it.*

EDUCATION:

- Bachelor's Degree in Fashion Design – IED Madrid 2023 – current

- Key subjects: pattern making, illustration, styling, editorial production, and digital design.*
- International Baccalaureate – Vancouver, Canada 2021 – 2022*
- Academic exchange program that allowed me to acquire a global perspective, fluency in English, and a multicultural approach to fashion.*

MY EXPERIENCE:

- Collaborator – Sartoria Pardi (Mexico and Italy) 2022 – 2023

Support in luxury tailoring processes for clients in Mexico and Madrid.

- Participation in organizing fittings, selecting materials, and paying attention to detail during tailoring.*

- Academic Assistant – IED Madrid 2024

- Support for 4th-year students with their final projects in the areas of modeling, production, and styling.*
- Collaboration on shoots and organizing delivery.*

- Editorial and Communication Projects – IED Madrid 2023 – 2025

- Creation of fashion editorials with creative direction, styling, photography, and videography.*
- Development of visual communication content and conceptualization of capsule collections.*
- Production of technical sheets, technical drawings, and prototypes.*

HABILITIES:

- Digital design: Adobe Illustrator, Photoshop, InDesign.*
- Fashion techniques: pattern making, modeling, embroidery, technical and artistic illustration, technical sheets.*
- Production and communication: fashion editorials, styling, photography, videography, content creation*

SKILLS: *organization, time management, dedication, teamwork, service-oriented, and attention to detail.*

LANGUAGES:

- Spanish (native)*
- English (intermediate-advanced, fluent due to stay in Canada)*

INTERESTS

- Fashion and textile design, material research and selection, tailoring, styling, photography, and color are some of the areas I am most interested in exploring. I am also particularly interested in the relationship between sports, functionality, and technology, and how they can create new possibilities within fashion and textiles.
